

Prestone Driveway HEAT

Prestone Driveway HEAT Attributes:

PRESTONE Driveway Heat is the most effective ice melter available. Nothing works faster or at lower temperatures. Unlike some other products that blend various ice melting ingredients, Driveway Heat is 100% Calcium Chloride.

This concentrated formula allows for more than 4 times the coverage of ordinary rock salt.

Ten pounds of Driveway Heat gives you more coverage than a 40 pound bag of Rock Salt.

When used as directed Driveway HEAT will not harm vegetation.

Works down to -25 degrees

Available in a
9.5# Shaker Jug

2927 Harrisburg Ave NE, Canton, Ohio 44705 1-800-686-7439

For all Your Deicing, Salt and Water Needs
